THE WELLNESS STOPOVER AT ITS PEAK

THE LANA AND THE HOUSE OF DIOR

Two iconic Houses united by the same quest for luxury, dreams, and the highest standards, meet. In this unmissable Dubai hotel, Dior Spa The Lana stands out as an exceptional place.

THE WELLNESS STOPOVER AT ITS PEAK

DIOR SPA PHILOSOPHY

At Dior Spa, beauty arises from balance: a delicate fusion of mind and body, inspired by Christian Dior's timeless vision: "I wanted to make women not only more beautiful, but also happier."
Dior Haute-Wellness embodies this philosophy, uniting expert craftsmanship with innovation to immerse each guest in the heritage and spirit of the House.

With a commitment to **High Definition**, each treatment is designed with absolute precision to meet individual needs. A tailored diagnostic ensures a thorough understanding of the skin and body, allowing for highly personalized care that enhances natural radiance.

Blending **High Technologies** and expert techniques, Dior Spa treatments work in perfect synergy to rejuvenate the skin, sculpt the silhouette, and illuminate the face. Advanced devices enhance each ritual, delivering visible and lasting results while promoting deep relaxation of the mind.

At the heart of this transformation lies the **High-Touch** expertise of the Wellness Experts, who perform meticulously choreographed rituals designed to awaken the senses and restore harmony. The mastery of the "Dior Hands," enhanced by modern innovation, creates an immersive and multi-sensory journey that elevates both beauty and well-being.

A haven of serenity and refinement, Dior Spa redefines self-care: it is an invitation to transcend the ordinary, enveloping each guest in an exceptional, couture-inspired experience where luxury meets performance and well-being becomes an art.

THE DIORITUALS

THE DIORITUALS

Designed and dreamed especially for Dior Spa The Lana, these two exclusive treatments are inspired by elements specific to this exceptional place. In treatment rooms with spectacular views, they reveal the full holistic dimension of the Dior philosophy, pushing the sensory frontiers and delivering high-tech effectiveness while ensuring a highly memorable experience.

DIOR STONE THERAPY

FACE & BODY – 120 MIN

This precious all-over treatment aims to harmonize energy flow during a massage covering the face, back, stomach and feet, elevated by precious stones selected for their properties. Facial glow is enhanced thanks to the leading Dior sapphire crystal Micro-Abrasion technology combined with the Dior Skin Light LED therapy mask.

ESCALE AT THE LANA

BODY – 90 MIN

A tribute to the first Dior Spa set high in the sky, this unique, Japanese-inspired ritual provides a relaxing experience that defies the laws of gravity. Carried out on a futon on the floor, it releases the muscles and the mind equally, leaving guests completely transported. The treatment offers a unique technique combining pressures, friction, and percussive therapy, while also stretching every limb, in combination with slow, deep and memorable movements, from head to toe. Muscle and joint tension flees, leading to an immense feeling of beneficial calm. Lastly, a precise, sensory choreography takes the guest into a ballet of sheets, for a promise of total disconnection.

GOLDEN AURA

FACE - 90 MIN

Dior redefines facial radiance with a luxurious and rejuvenating treatment that gently stimulates the skin, enhancing blood circulation and promoting lymphatic drainage. Rhythmic motions work to release tension, reduce puffiness, and encourage the flow of oxygen rich blood to the skin's surface. This process revitalizes the complexion, revealing a radiant, glowing face. The skin appears naturally luminous, with a healthy, youthful glow from this indulgent self care ritual.

KOBI-DIOR

FACE - 60 MIN OR 90 MIN*

The high-performance sculpting treatment that lifts, plumps and releases tensions from the face, neck, and upper back.

After a two-step detox prelude protocol activating lymph nodes to drain fluids, using manual techniques, and microstimulation, skin is now ready to receive a powerful muscular facial massage.

Inspired by the Japanese Kobido technique, this sculpting massage uses a series of precise rhythmic gestures and acupressure to reshape the muscular structure of the face. This approach is enhanced by the targeted use of a patented microstimulation technology, and cryo stones to amplify the expert's intuitive touch for unrivalled results in wrinkle reduction, a lifted plumped and tension free face.

*Only the 90-minute version of this treatment includes drainage techniques with Icoone Therapy (microstimulation).

DIOR POWERED BY HYDRAFACIAL

FACE – 60 MIN OR 90 MIN

Dior combines its Floral Science with cutting-edge Hydrafacial™ hydra dermabrasion technology.

Following a two-step detoxification preparation to stimulate lymph node drainage, an invigorating massage is performed to enhance tissue suppleness, activate microcirculation, and promote cell oxygenation. The skin is now ready to be cleansed and exfoliated, to purify the epidermis in depth, enhanced by Dior Floral Peeling Lotion. As a final touch, a boost of LED light is diffused to repair, tone, reduce fine lines and soothe any redness. At the end of the treatment, the skin is left deoxidized, moisturized, and healthy.

Dior Micro-Abrasion protocols give the skin a radiance boost, with an extraordinary smoothing effect. Skin is toned and instantly brightened. Over the next few days, the skin's receptiveness to skincare products is increased. This treatment is suitable for all skin types, even the most sensitive.

DIOR SKIN LIGHT LED THERAPY

FACE – 45 MIN

Each cell within the skin has the incredible ability to absorb light and convert it into energy. To let this inner light shine through, Dior draws on the technology of light therapy with the Dior Skin Light LED Mask. A real marvel of design, this high-tech tool follows the facial contours and acts as a natural source of energy, to boost cellular respiration. At the end of the session, skin is relaxed and repaired, and the skin's metabolism is rebalanced. Under the beneficial effect of light, the mind is soothed and harmony is restored. With one session, the skin quality is refined with reduction of sebum, tighter pores and instant plump. For long-lasting and anti-aging results, and with a twice-weekly treatment programme, the 8 sessions cure, regenerates entirely the skin and provides elasticity and density. To enhance the results, all sessions end with an application of adapted Dior products.
