*Crisp, floral and deceptively strong*

*Glowing with the intensity of ripe berries*

*Bubbles that tickle the nose*

*If this planet is really shaped like a fried egg? What on EARTH does it taste like?*

*Death by a thousand cuts*

*You can't get hotter than this*

*Its path weaves like a salmon to its source*

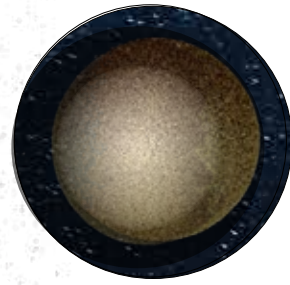

*Deep, dark, rich but with the faintest inner glow*

*A love letter to a hot-leaved sunset*

*Rich coconut and mezcal... so intense*

*I love this. It is like spun gold*

### THE PLANETS

Vesper was originally the Latin name for the 'evening star' – now known as the planet Venus.

So we've taken inspiration from our namesake and the infinite galaxies around us, to craft this celestial collection of cocktails.

A sparkling sky, ready to explore.

All cocktails £25, non-alcoholic cocktails £16. If you have any allergies or intolerances please let the bar team know. Please note that a 15% discretionary service charge will be added to your bill.
